*Please enter required information in highlighted cells*

**A. Project Title & Sponsor**

Lead Agency	City of Glendale
Other Partnering Agencies	
ITS Project Title:	Glendale Downtown DMS

**B. Project Goals & Objectives**

**Project Goals:**

Install Dynamic Message Signs on four major entryways into downtown Glendale. Install new conduit and fiber optic communication cable on Peoria Ave.

**Objectives:**

Improve congestion and air quality caused by delays to vehicles at 59th Ave. and Glendale Ave. due to frequent train pre-emptions. Dynamic Message Signs would be used to divert motorists away from the intersection during pre-emption. Signs would also be used to ease congestion during the frequent cultural and civic events held in the downtown area. Fiber on Peoria would allow signals to be added to the central signal system and actively managed during downtown events when parking frequently occurs at nearby Glendale Community College.
